

NURSERY MATHS

MONDAY 18TH JANUARY 2021

SEQUENCING AND ORDERING

This week your child is going to be learning about how to put things in the correct order or sequence.

Talk with your child about what ordering is, give them an example then ask them to do the same.

Maybe have them put these numbers in the correct order.

1 4 2 3 5 8 6 9 7 10

Tuesday 19th January 2021

Have your child imagine they are going to school. Talk with them about the routine they would do in the morning to get ready for school. Have them explain the steps they would take to get ready, encourage them to use sequencing words first, next, then and after.

Wednesday 20th January 2021

Ordering objects from biggest to smallest.

Have your child look at the picture, are they able to tell you which teddy is the biggest and which is the smallest? Ask them to then sort all the teddies from biggest to smallest? Ask your child to get some objects or toys from around the house and ask them to order them from biggest to smallest and then in reverse from smallest to biggest.

Thursday 21st January 2021

Read or watch the story *The Very Hungry Caterpillar* with your child.

<https://www.youtube.com/watch?v=75NQQK-Sm1YY&t=2s>

Have your child retell the story in the correct sequence, from beginning, middle and end.

Ask them questions, what did the caterpillar start out as in the beginning of the story? What type of food did the caterpillar eat during the story, and what did the caterpillar turn into at the end of the story?

THE VERY HUNGRY CATERPILLAR

by Eric Carle

Friday 22nd January 2021

Pattern sequence.

Have your child look at the pattern sequence, are they able to pick the correct shape to finish the patten.

<https://www.topmarks.co.uk/ordering-and-sequencing/shape-patterns>

Get your child to draw their own patten sequence using different shapes and colours. Have them test a family member to see if they can complete the sequence.

Repeating Patterns

Can you continue the patterns below?

1. 
2. 
3. 
4. 
5.
