

This week, in maths, your child has been learning to add numbers up to 5. This week's Homework is about making strawberry and banana milkshake. You can support your child to add strawberry and banana altogether and write on this sheet or they can draw strawberry and banana slices and write the total answer in maths homework book.

Can you put the ingredients into the bowl?  
How many are there altogether?

**Ingredients**  
 3 slices of strawberry  
 and  
 2 slices of banana

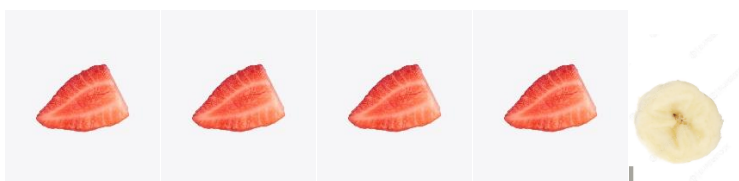

3 and 2 makes 5
